Prior Acts or "Nose" Coverage

Prior Acts coverage is an alternative to purchasing Tail coverage from your claims made carrier.

The prior acts endorsement will extend coverage under your new occurrence form policy to certain incidents occurring back to the retroactive date of your expiring claims made policy.

- ***How do I know if I have a claims made policy?*** The proof of coverage for you expiring policy should state if the policy is claims made. If you are unsure, contact your current carrier.
- A claims-made policy will only cover claims for which the treatment occurred and the claim was reported while the policy is in effect.

This coverage **does not** apply to any claim, incident or suit arising out of:

- An incident in which the **Insured** knew or had been told prior to the effective date of this endorsement, that it would result in a **Claim or Suit**;
- An incident that has been reported by the **Insured** to any other insurer and for which coverage has provided by the other insurer;
- An incident that is covered under the **Extended Reporting Period** provision of any prior claims made Policy; or
- An incident that is not covered under any prior Policy because the limits of liability are insufficient or exhausted or because they are within a deductible or self-insured retention
